

Early Career Scientists Symposium

18 October 2017

Korea Polar Research Institute, Incheon, South Korea

Abstract submission due: 15 August

Travel support application due: 1 August

A half-day symposium for early career researchers (ECR) is organized as a part of the SPARC local workshop. This symposium consists of a series of invited lectures from distinguished scientists and poster presentations from ECR on broad issues of SPARC-related sciences and regional climate change. ECR from Asian and Oceanian countries are encouraged to join the symposium to extend their research horizon through active discussion with leading international scientists.

Agenda

1:00 pm – 2:00 pm	Marvin Geller (Stony Brook University, USA)
2:00 pm – 3:00 pm	Michaela Hegglin (University of Reading, UK)
3:00 pm – 3:30 pm	Coffee Break
3:30 pm – 4:30 pm	Harry Hendon (BoM, Australia)
4:30 pm – 5:30 pm	A short introduction of ECR's Posters
6:00 pm – 8:00 pm	Mentor-mentee Dinner

Participants

Graduate students and early career scientists who want to broaden their research area through discussion with leading scientists are all welcomed to join the ECR symposium. We particularly encourage participation of ECR from Asian and Oceanian countries. Full or partial financial support will be available for students and ECR from developing countries.

Abstract submission (ECR poster presentation)

Abstracts for an ECR poster presentation can be submitted through the regional workshop webpage. This poster can also be presented in the local workshop. Please see the SPARC regional workshop webpage for further details on abstract submission. The deadline for abstract submission is 15 August.

Registration & travel support

Separate registration is required for the ECR symposium although there is no registration fee. If you need financial support, please indicate the type of financial support you need and upload the supporting documents on the registration webpage. For ECR symposium registration, please follow the link: <http://www.sparc-climate.org/meetings/wwwsparc-climateorgmeetingswcrp-grand-challenges-and-regional-climate-change/sign-up-form-ecr-symposium/>. Note that the application due for travel support is 1 August. All applicants also need to submit an abstract for

the ECR poster presentation. The selected recipients for travel support will be notified by mid August.

Please contact Joowan Kim (joowan@kongju.ac.kr) or Changhyun Yoo (cyoo@ewha.ac.kr) for additional inquiries on travel support and the ECR symposium.
