

SPARC Activity Report 2019

(Polar Stratospheric Cloud initiative)

I. Achievements and Plans

* *Work has continued on compilation of review paper on current state of polar stratospheric cloud science (albeit slower than anticipated!)*

* *Reviews of Geophysics draft manuscript has been completed*

* *Lead authors will meet in Zurich 9-13 December 2019 to finalize manuscript for submission to RoG*

* *Manuscript will be submitted to RoG in January 2020*

* *PSCi activity will end after review paper is published.*

* *Final report will be submitted for publication in SPARC Newsletter*

II. Resources

* *N/A*
